

SECTION 1: Identification of the substance/mixture and of the company

Product Identifier

Product Name: SiSiB® PC19570
Chemical Name: Amodimethicone & laureth-7 & isolaureth-6 & glycerin

Relevant identified uses of the substance or mixture and uses advised against

Relevant applications identified: Cosmetics

Details of the supplier of the safety data sheet

Company
Nanjing SiSiB Silicones Co., Ltd.
Guanghua Sci & Tech Industrial Zone,
No. 104, Guanghua Road, Nanjing 210007, P.R.China
Email: SDS@SiSiB.com

Emergency Telephone Number: +86-25-8468-0091

SECTION 2: Hazardous identification

Overall

Hazard Classification: Irritant
Hazard Information: Irritating to skin
Risk of serious damage to eyes.
Do not empty into drains

Route of Exposure: Inhalation, Skin Contact and Accidental Ingestion.

Possible Health Effects:

Acute

Eyes: May cause irreversible damage and burns to the eyes.

Skin: May cause moderate irritation.

Inhalation: Overexposure by inhalation may injure the following organ(s):
Reproductive System.

Ingestion: Repeated ingestion or swallowing large amounts may injure internally

Chronic

Skin: Repeated or prolonged exposure may cause irritation seriously.

Inhalation: Overexposure by inhalation may injure the following organ(s):
Reproductive System.

Ingestion: Repeated ingestion or swallowing large amounts may injure internally.

Signs and Symptoms of

Version 7.1W	Page 2 / 7	Revision Date 10.04.2024
--------------	------------	--------------------------

Overexposure: Irritation to skin.

May cause severe irritation to eyes.

SECTION 3: Composition/information on ingredients

Chemical characterization		Mixture
Physical Form		Liquid
Color		Transparent or light blue
Use		Hair care additives
Component Information		
Chemical Name	CAS No	%(w/w)
AQUA	7732-18-5	0-100
AMODIMETHICONE	71750-79-3	20.0-40.0
ISOLAURETH-6	60828-78-6	5.0-15.0
LAURETH-7	3055-97-8	5.0-15.0
GLYCERIN	56-81-5	2.0-7.0
DMDM HYDANTOIN	6440-58-0	0.4
METHYLISOTHIAZOLINONE	26172-55-4	0.0075
INONE		
MAGNESIUM CHLORIDE	7786-30-3	0.00275
MAGNESIUM NITRATE	10377-60-3	0.030-0.04175

SECTION 4: First aid measures

Eyes:

Immediately flush with water for 15 minutes. Get medical attention.

Skin:

Remove from skin and wash thoroughly with soap and water or waterless cleanser. Get medical attention if irritation or other ill effects develop or persist.

Inhalation:

Remove to fresh air. Get immediate medical attention.

Ingestion:

Get medical attention.

Comments:

Treat according to person's condition and specifics of exposure.

Note to physicians:

Treat symptomatically.

SECTION 5: Firefighting measures

Flammability: Combustible.

Flash point: >100°C (Closed Cup)

Autoignition temperature: Not determined.

Version 7.1W	Page 3 / 7	Revision Date 10.04.2024
--------------	------------	--------------------------

Lower Flammability Limit: Not determined.

Upper Flammability Limit: Not determined.

Hazardous Properties: None

Extinguishing Media:

On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO₂), dry chemical or water spray. Water can be used to cool fire exposed containers.

Special

Fire Fighting Procedures and

Equipment:

Self-contained breathing apparatus and protective clothing should be worn in fight large fires involving chemicals. Determine the need to evacuate or isolate the area according to your local emergency plan. Use water spray to keep fire exposed containers cool.

Hazardous

Combustion Products:

Silicon dioxide. Carbon oxides and traces of incompletely burned carbon compounds. Metal oxides. Sulfur oxides. Nitrogen oxides. Formaldehyde.

Unsuitable Extinguishing Media: None established.

SECTION 6: Accidental release measures

Personal Precaution:

Avoid eye contact. Do not take internally.

Environmental Precautions:

Prevent from spreading or entering into drains, ditches or rivers by using sand, earth or other appropriate barriers.

Methods for Cleaning up:

Determine whether to evacuate or isolate the area according to your local emergency plan. Observe all personal protective equipment recommendations described in this MSDS. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbant. Clean area as appropriate since some silicone materials, even in small quantities, may present a slip hazard. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbant or cleaning materials appropriately, since spontaneous heating may occur. Laws and regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which laws and regulations are applicable.

SECTION 7: Handling and storage

Handling:

Version 7.1W	Page 4 / 7	Revision Date 10.04.2024
--------------	------------	--------------------------

Use with adequate ventilation. Avoid eye contact. Do not take internally. Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking or smoking.

Storage Conditions:

Use reasonable care and store away from oxidizing materials. Expected shelf life if stored at recommended temperatures: 9 months.

Unsuitable Packaging Materials:

None established

SECTION 8: Exposure Controls/Personal Protection

Industrial Standards	Hygiene	
Ingredients	CAS No.	Exposure Limits
None known.		
Engineering Controls		
Local Ventilation	Recommended	
General Ventilation	Recommended	
Personal Protective Equipment for Routine Handling		

Respiratory protection:

Use respiratory protection unless adequate local exhaust ventilation is provided or air sampling data show exposures are within recommended exposure guidelines. Industrial Hygiene Personnel can assist in judging the adequacy of existing engineering controls.

Suitable Respirator:

Organic Vapor/Dust/Mist Type.

Eye protection:

Use chemical worker's goggles.

Hand protection:

Chemical protective gloves should be worn.

Skin protection:

Washing at mealtime and end of shift contaminated clothing and shoes should be removed as soon as practical and totally cleaned before reuse. Chemical protective gloves are recommended.

Hygiene Measures:

Exercise good industrial hygiene practice. Wash after handling, especially before eating, drinking or smoking.

Personal Protective Equipment for Spills

Respiratory protection:

No respiratory protection should be needed.

Eye protection:

Safety glasses/goggles should be worn if there is a danger of splashes to the eyes.

Skin protection: Washing at mealtime and end of shift. Contaminated clothing and shoes should be

Version 7.1W	Page 5 / 7	Revision Date 10.04.2024
--------------	------------	--------------------------

removed as soon as practical and totally cleaned before reuse. Chemical protective gloves are recommended.

Precautionary Measures:

Avoid skin and eye contact. Avoid breathing vapor, mist or fumes. Keep container closed. Do not take internally. Use reasonable care.

SECTION 9: Physical and Chemical Properties

Physical Form:	Liquid
Color:	Transparent or light blue
Odor:	Amine-like odor
PH:	5.0-7.0
Flash Point:	>100°C (Closed Cup)
Explosive properties:	No
Oxidizing properties:	No
Specific Gravity:	0.99
Viscosity (25°C mPa • s)	≤100
Molecular Weight:	No

SECTION 10: Stability And Reactivity

Stability:	Stable.
Reactivity:	
Conditions to Avoid:	None.
Materials to Avoid:	Oxidizing material can cause a reaction.
Hazardous Decomposition Products:	Silicon dioxide. Carbon oxides and traces of incompletely burned carbon compounds. Metal oxides. Sulfur oxides. Nitrogen oxides. Formaldehyde.
Hazardous Polymerization:	Hazardous polymerization will not occur.

SECTION 11: Toxicological Information

Possible Health Effects:	Refer to Section 3
Sensitizing Effects:	None know.
Mutagenic Effects:	None know.
Reproductive Effects:	None know.
Carcinogenic Effects:	None know.
Other Health Hazard Information:	None know applicable information.

SECTION 12: Ecological Effects

Environmental Fate and Distribution:

Siloxanes are removed from water by sedimentation or binding to sewage sludge. In soil, siloxanes are degraded.

Environmental Effects:

No adverse effects on aquatic organisms.

Bioaccumulation:

No bioaccumulation potential.

Fate and Effects in Waste Water Treatment Plants:

Removed >90% by binding onto sewage sludge. No adverse effects on bacteria. The siloxanes in this product do not contribute to the BOD.

Additional Environmental Information:

Degradation:

Additional environmental information on the silicone component is available on request.

SECTION 13: Disposal considerations

Product Disposal:

Dispose of in accordance with local regulations.

Packaging Disposal:

Dispose of in accordance with local regulations.

SECTION 14: Transport Information

Road and Rail Transport:

Not assessed.

Sea Transport (IMDG):

Not subject to IMDG code.

Air Transport (ICAO):

Not subject to ICAO regulations.

SECTION 15: Regulatory Information

Applicable Laws:

Provisions of the Regulations for the Safe Handling of Chemicals in the Workplace, particularly those relating to the safe use, production, storage and transportation of dangerous chemicals.

Chemical Inventories:

AICS:

All ingredients listed or exempt.

DSL:

All chemical substances in this material are included on or exempted from the DSL.

Version 7.1W	Page 7 / 7	Revision Date 10.04.2024
--------------	------------	--------------------------

IECSC:	All ingredients listed or exempt.
MITI:	All components are listed on ENCS or its exempt rule.
KECL:	All ingredients listed, exempt or notified.
EINECS:	All ingredients listed or exempt.
PICCS:	All ingredients listed or exempt.
TSCA:	

All chemical substances in this material are included on or exempted from listing on the TSCA Inventory of Chemical Substances.

SECTION 16: Other Information

Further information

It must be recognized that the physical and chemical properties of any product may not be fully understood and that new, possibly hazardous products may arise from reactions between chemicals. The information given in this data sheet is based on our present knowledge and shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
