

SiSiB® PC19585 Silicone Emulsifier

INCI NAME

Dimethicone (and) PEG/PPG-18/18 Dimethicone

INTRODUCTION

SiSiB® PC19585 is a dispersion of 25%wt silicone polyether in dimethicone. The product is an ideal material specifically for water-in-volatile silicone formulations.

As a dispersion aid for both non-polar and polar ingredients, SiSiB® PC19585 can make non-polar ingredients in the external silicone phase and polar ingredients in the internal aqueous phase.

ADVANTAGES

- Dimethicone and dimethicone copolyol
- An excellent formulation aid as dispersion for emollients, moisturisers, sunscreens and antiperspirants
- Good stability in w/o formulations
- Making w/o emulsion more clear

PHYSICAL PROPERTIES

| | |
|--------------------------------|--------------------|
| Appearance | Milky white liquid |
| Viscosity (cSt, 25°C) | 50-1000 |
| Non-volatile Content (% , w/w) | >60 |

BENEFITS & APPLICATIONS

SiSiB® PC19585 can be used in a wide range of personal care applications such as color cosmetics, skin care, sun care and antiperspirants and deodorants.

How to use:

Add the water phase slowly to the oil phase using a high-speed mixer to enhance the stability of W/O emulsion. Increasing the viscosity by increasing the proportion of water phase.

Stir the product before use.

Use a homogeniser to stabilize the product further.

Electrolytes, preferably NaCl at a level of 1-2% should be added to the water phase to ensure long-term stability.

SiSiB® PC19585 Silicone Emulsifier

The emulsion can be made at ambient temperature if the formulation is free from solid ingredients.

RECOMMENDED DOSAGE

The recommended usage level of this product is 1%-5%.

PACKING

SiSiB® PC19585 is supplied in 25Kg plastic pail or 200Kg steel drum.

HANDLING

This document does not contain the product safety information required for safe use. Before handling, please refer to the product and safety data sheets, as well as container labels, for information on safe usage, physical hazards, and health risks. Safety Data Sheet is available on the website, from the distributor, or by contacting SiSiB customer service.

STORAGE

In the original unopened packaging, SiSiB® PC19585 has a shelf life of 12 months in a dry and cool place at room temperature.

LIMITATIONS

This product is neither tested nor represented as suitable for medical or pharmaceutical uses.
