# **SECTION 1: Identification of the substance/mixture and of the company**

Product Identifier	
Product Name:	SiSiB® PC12750
Chemical Name:	C30-45 Alkyldimethylsilyl Polypropylsilsesquioxane
Relevant identified uses of the su	bstance or mixture and uses advised against
Relevant applications identified	Cosmetics
Details of the supplier of the safe	ty data sheet
Company	Nanjing SiSiB Silicones Co., Ltd.
	Guanghua Sci & Tech Industrial Zone,
	No. 104, Guanghua Road, Nanjing 210007, P.R.China
	Email: SDS@SiSiB.com
Emergency Telephone Number:	+86-25-8468-0091

#### **SECTION 2: Hazardous identification**

Hazard Classification:	Not hazardous	
Label Elements Including Precaut	ionary	
Statements Symbol:	None	
Signal Word:	None	
Hazard Risk Statement:	Not hazardous	
Precautionary Statement		
Do not breathe dust. Use in a well ventilated area.		
IF in eyes: Rinse cautiously with water for several minutes. Remove conduct lenses, if present and easy to		
do. Continue rinsing.		
Wear suitable protective clothing, gloves and eye/face protection.		
Other Hazards:		
None known.		

## **SECTION 3: Composition/information on ingredients**

Chemical characterization:
Ingredients:

Chemical NameCAS.No.Conc.C30-45 Alkyldimethylsilyl100%Polypropylsilsesquioxane

Hazardous Ingredients:

No hazardous ingredients

Substances

# **SINOPCC GROUP**

--

#### **SECTION 4: First aid measures**

Eye:	Immediately flush with water.
Skin:	No first aid should be needed.
Inhalation:	No first aid should be needed.
Oral:	No first aid should be needed.
Comments:	Treat symptomatically.

#### SECTION 5: Firefighting measures

Autoignition Temperature:	Not determined.
Flammability limited in air:	Not determined.
Extinguishing Media:	On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO <sub>2</sub> ), dry chemical or water spray. Water can
	be used to cool fire exposed containers.
Fire Fighting Measures:	Self-contained breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Use water spray to keep fire exposed containers cool. Determine the need to evacuate or isolate the area according to your local emergency
	plan.
Unusual Fire Hazards:	None.

#### Hazardous Decomposition Products

Thermal breakdown of this product during fire or very high heat conditions may evolve the following hazardous decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Silicon dioxide. Formaldehyde.

#### **SECTION 6: Accidental release measures**

#### Containment/Clean up:

Determine whether to evacuate or isolate the area according to your local emergency plan. Observe all personal protection equipment recommendations described in 8 and 10. For large spills, provide diking or other pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbent. Clean area as appropriate since some silicone materials, even in small quantities, may present a slip hazard. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbent or cleaning materials appropriately, since spontaneous heating may occur. Local, state, and federal laws and regulations may apply to releases and items employed in the clean up of releases. You will need to determine which federal, state and local laws and regulations are applicable.

--------------	------------	--------------------------

## **SECTION 7: Handling and storage**

#### **Handling Precautions**

Use with adequate ventilation. Avoid eye contact. Avoid breathing vapor. Keep container closed. Do not take internally. Wash your hands after handling, especially before having lunch.

#### **Storage Condition**

Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding or inert gas purge. Keep container closed and away from heat, sparks, and flame.

#### SECTION 8: Exposure Controls/Personal Protection

Exposure Limits	No exposure limits
Personal Protection	
Eyes:	Use proper protection-safety glasses as a minimum.
Skin:	Washing at mealtime and end of shift is adequate.
Inhalation:	No respiratory protection should be needed.
Suitable Gloves:	No special protection needed.
Suitable Respirator:	None should be needed.
Note: These precautions are for	room temperature handling. Use at elevated temperature or

aerosol/spray applications may require added precautions.

#### **SECTION 9: Physical and Chemical Properties**

#### Information on basic physical and chemical properties

	• •
Physical Form	Wax
Color	White
Odor	Slight characteristic odor
Specific Gravity (@ 25°C)	0.80-0.90
Flash point	> 100°C (Closed cup)
Melting point	65-75°C
Boiling point	> 100°C
Vapor pressure (@ 25°C)	Not determined
Vapor Density (air=1)	Not determined
Partition coefficient: n-octanol/water	Not determined
Auto-ignition temperature	Not determined
Decomposition temperature	Not determined
Evaporation rate	Not determined
Flammability (solid, gas)	Not determined

pН

Not determined

#### **SECTION 10: Stability And Reactivity**

Chemical stability	Stable
Hazardous Polymerization	Hazardous polymerization will not occur.
Conditions to avoid	None
Materials to Avoid	Oxidizing material can cause a reaction. Water, alcohols, acidic or
	basic materials, and many metals or metallic compounds, when in
	contact with product, liberate flammable hydrogen gas, which can
	form explosive mixtures in air.

#### **SECTION 11: Toxicological Information**

Sensitizing Effects:	None known.
Mutagenic Effects:	None known.
Reproductive Effects:	None known.

### **SECTION 12: Ecological Effects**

Aqua	atic and Terrestrial Ecotoxicity
Ecoto	oxicity Effects:
Acute	e: No adverse effects on aquatic organisms are predicted.
Chro	nic: No adverse effects on aquatic organisms are predicted.
Fate	and Effects in Waste
Wate	er Treatment Plants
No ac	dverse effects on bacteria are predicted. The siloxanes in this product do not contribute to the BOD.
Envir	ronmental Effects
No ac	dverse effects on aquatic organisms are predicted.
Fate	and Effects in Waste Water treatment plants
No ac	dverse effects on bacteria are predicted.

#### **SECTION 13: Disposal considerations**

When a decision is made to discard this material, as received, it isn't classified as a hazardous waste. No State or local laws may impose additional regulatory requirements regarding disposal.

#### **SECTION 14: Transport Information**

Version 7.1W Pag	ige 5 / 5	Revision Date 09.04.2024
------------------	-----------	--------------------------

DOT Road shipment Information: Normal transport, no subjection Ocean Shipment (IMDG): Normal transport, no subjection Air Shipment (IATA): Normal transport, no subjection.

#### **SECTION 15: Regulatory Information**

"Regulations of Safe Use of Chemicals in Workplace", Ministry of Chemical Industry,1996, 20th, Dec. Hazard items: All components exempted.

#### **SECTION 16: Other Information**

#### **Further information**

It must be recognized that the physical and chemical properties of any product may not be fully understood and that new, possibly hazardous products may arise from reactions between chemicals. The information given in this data sheet is based on our present knowledge and shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
